Economic							
Performance Indicator	Description	Reported	Cross-reference/Direct answer	If applicable, indicate the part not reported	Reason for Omission	Explanation	To be reported in
Economic performance							
EC1_{COMM}	Direct economic value generated and distributed, including revenues, operating costs, employee compensation, donations and other community investments, retained earnings, and payments to capital providers and governments.	Fully	Annual Report 2010, pages 42-45; 120-169; SD Report 2010, pages 42-45				
EC2	Financial implications and other risks and opportunities for the organization's activities due to climate change.	Fully	SD Report 2010, page 52				
EC3	Coverage of the organization's defined benefit plan obligations.	Fully	Annual Report 2010, page 53; 139				
EC4	Significant financial assistance received from government.	Fully	None to Report				
Market presence							
EC5	Range of ratios of standard entry level wage compared to local minimum wage at significant locations of operation.	Not			Not material	All wages are determined at operational level to national norms and based on skills and in accordance with Anglo American Human Resources Principles and Business Principles.	
EC6	Policy, practices, and proportion of spending on locally-based suppliers at significant locations of operation.	Fully	SD Report, pages 66-67; http://www.angloamerican.com/aal/siteware/docs/SC_LocalProcurement_Policy.pdf				
EC7_{COMM}	Procedures for local hiring and proportion of senior management hired from the local community at significant locations of operation.	Fully	More than 95% of employees are from host countries and more than 95% of senior management at corporate centres is from host countries (with the exception of the London office). As some Anglo American operations are situated in very remote locations with no, or small, local communities, most business units have policies and procedures relating to local hiring in place, in addition to training programmes aimed at providing local communities with mining-related skills.				
Indirect economic impacts							
EC8	Development and impact of infrastructure investments and services provided primarily for public benefit through commercial, in-kind, or pro bono engagement.	Fully	SD Report, pages 38-45, AR pg. 31				
EC9	Understanding and describing significant indirect economic impacts, including the extent of impacts.	Fully	SD Report, pages 38-45	We are furthermore engaged in a study to understand our indirect economic impacts in greater detail			2012
Environmental							
Performance Indicator	Description	Reported	Cross-reference/Direct answer	If applicable, indicate the part not reported	Reason for Omission	Explanation	To be reported in
Materials							
EN1	Materials used by weight or volume.	Partially			Not material	Materials used by weight or volume are not a significant environmental, social or economic impact of the company because Anglo American is a producer of primary raw materials and does therefore not use raw materials or semi-manufactured goods to produce a final product. Packaging is, for the same reason, not a material issue either: the majority of our products are transported in bulk. Process materials, aside from fuels (reported on page 52 in GJ), are not recorded on a Group level owing to the diverse processes used throughout Anglo American operations, although some business units do report these individually.	
EN2	Percentage of materials used that are recycled input materials.	Partially			Not material	Anglo American is a producer of primary raw materials. The quantities of recycled materials used as inputs are not material, aside from Scaw Metals that used 2.9 million tonnes of recycled scrap metal for producing its final product during 2009. 2010 figures are not available for competitive reasons.	
Energy							
EN3	Direct energy consumption by primary energy source.	Fully	SD Report, pages 52-3				
EN4	Indirect energy consumption by primary source.	Fully	SD Report, pages 52-3				
EN5	Energy saved due to conservation and efficiency improvements.	Fully	SD Report, pages 52-3				
EN6	Initiatives to provide energy-efficient or renewable energy based products and services, and reductions in energy requirements as a result of these initiatives.	Fully	SD Report, pages 52-3				
EN7	Initiatives to reduce indirect energy consumption and reductions achieved.	Fully	SD Report, pages 52-3				
Water							
EN8	Total water withdrawal by source.	Partially	SD Report, page 48; Anglo Platinum SD report, page 66-67	Not reported for all business units, only at Platinum currently	Not available	We have engaged in a Group-wide project to align all environmental reporting parameters. As such this information from other business units will be available between 2011-2012.	2012
EN9	Water sources significantly affected by withdrawal of water.	Fully	None to Report				
EN10	Percentage and total volume of water recycled and reused.	Fully	SD Report, page 49				
Biodiversity							
EN11	Location and size of land owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas.	Partially	SD Report, page 56	Impact on sensitive areas reported on an exception basis		Anglo American has a partnership with the United Nations Environmental Programme – World Conservation Monitoring Centre (UNEP – WCMC) in the Proteus Project, which commenced in 2002. The main focus of the Proteus Project is to create a user-friendly, up-to-date system for storing, managing and reporting on biodiversity trends for all the world's protected areas and providing a platform that allows for the easy integration of other conservation datasets. We will be able to use this work to disclose this information more completely.	2012

EN12 _{COMM}	Description of significant impacts of activities, products, and services on biodiversity in protected areas and areas of high biodiversity value outside protected areas.	Fully	SD Report, page 56-57				
MM1	Amount of land (owned or leased, and managed for production activities or extractive use) disturbed or rehabilitated.	Fully	SD Report, page 56				
EN13 _{COMM}	Habitats protected or restored.	Fully	SD Report, page 56				
EN14 _{COMM}	Strategies, current actions, and future plans for managing impacts on biodiversity.	Fully	SD Report, page 56-57				
MM2	The number and percentage of total sites identified as requiring biodiversity management plans according to stated criteria, and the number (percentage) of those sites with plans in place.	Fully	SD Report, page 56				
EN15	Number of IUCN Red List species and national conservation list species with habitats in areas affected by operations, by level of extinction risk.	Fully	SD Report, page 9	Will insert IUCN Red List ref in text			
Emissions, effluents and waste							
EN16	Total direct and indirect greenhouse gas emissions by weight.	Fully	SD Report, pages 53;55				
EN17	Other relevant indirect greenhouse gas emissions by weight.	Fully	SD Report, page 53				
EN18	Initiatives to reduce greenhouse gas emissions and reductions achieved	Fully	SD Report, page 53-54				
EN19	Emissions of ozone-depleting substances by weight.	Not			Not material	Ozone-depleting substances (ODSs) are not a significant environmental impact of the company because ODSs are predominantly used as refrigerants, solvents, blowing agents for plastic foam manufacture, and fire extinguishers. As such, emissions from these substances are not material, given the nature of our business	
EN20 _{COMM}	NOx, SOx, and other significant air emissions by type and weight.	Fully	http://www.angloamerican.com/aal/development/envs/air-quality/				
EN21	Total water discharge by quality and destination.	Partially	SD Report, page 50 (water incidents)	Water discharges by volume	Not available	Water discharge information is not aggregated at a Group level due to the diverse nature of the business units and their processes. The issue is managed on a business unit level, and therefore monitored and reported on that level. For more information refer to the sustainable development reports of Anglo Platinum, Scaw Metals, Anglo American Chile and Anglo American Brazil. Major non-compliances are reported at a Group level via our alerts process. There were no Level 3 (that is, significant, nonreversible, damage) incidents during 2010	2012
EN22 _{COMM}	Total weight of waste by type and disposal method.	Partially	SD Report, page 59 (non-mineral)	Total weight of waste by type and disposal method is not reported as it data is not gathered at a Group level due to the diverse nature of the business units and their processes.	Not material	The issue is managed on a business unit level, and therefore monitored and reported on that level. For more information refer to the sustainable development reports of Anglo Platinum Scaw Metals, Anglo American Chile and Anglo American Brazil. We are in the process of exploring ways to meaningfully aggregate these data at a Group level	
MM3	Total amounts of overburden, rock, tailings, and sludges and their associated risks.	Partially	SD Report, page 58-59	Total amounts not disclosed, as per above	Not material	As above	
EN23 _{COMM}	Total number and volume of significant spills.	Fully	None to Report				
EN24	Weight of transported, imported, exported, or treated waste deemed hazardous under the terms of the Basel Convention Annex I, II, III, and VIII, and percentage of transported waste shipped internationally.	Fully	None to Report				
EN25	Identity, size, protected status, and biodiversity value of water bodies and related habitats significantly affected by the reporting organization's discharges of water and runoff.	Fully	None to Report				
Products and services							
EN26	Initiatives to mitigate environmental impacts of products and services, and extent of impact mitigation.	Fully	Coal combustion (SD Report, page 54); REACH (http://www.angloamerican.com/aal/development/envs/materials-stewardship/)				
EN27	Percentage of products sold and their packaging materials that are reclaimed by category.	Not			Not material	Anglo American's 'products' are raw materials typically used as inputs into further manufacturing processes. Packaging is not applicable to bulk product transport by rail and bulk ship	
Compliance							
EN28	Monetary value of significant fines and total number of non-monetary sanctions for non-compliance with environmental laws and regulations.	Partially	\$37,360	Number of sanctions not reported	Not available	The focus has in the past been on the monetary value	2012
Transport							
EN29	Significant environmental impacts of transporting products and other goods and materials used for the organization's operations, and transporting members of the workforce.	Fully	Scope 3 emissions reported on page 53 of the SD Report				
Overall							
EN30	Total environmental protection expenditures and investments by type.	Partially	SD Report 2010, pages 47, 51, 54	This figure is not reported on a aggregated level, though individual expenditures are reported where appropriate (see SD Report 2010, pages 47, 51, 54, for example)	Not available	Operational accounting methods are not configured to isolate environmental expenditures, though we have started to report internally on the future cost of compliance with the Anglo American Environment Way	2013
Social: Labor Practices and Decent Work							
Performance Indicator	Description	Reported	Cross-reference/Direct answer	If applicable, indicate the part not reported	Reason for Omission	Explanation	To be reported in
Employment							
LA1	Total workforce by employment type, employment contract, and region.	Partially	SD Report, 2010, page 30	Part-time vs full-time permanent employees	Not available	Part time vs. full-time permanent employees is not currently reported at Group level because the great variety of labour legislation and definitions within the various operations in several different countries.	2012
LA2	Total number and rate of employee turnover by age group, gender, and region.	Partially	SD Report, 2010, page 29	Rate by age group, gender, region	Not available	Not considered material because of Anglo American's policy of non-discrimination. However, a Group-wide headcount reporting project will deliver these figures for reporting purposes in 2012.	2012
LA3	Benefits provided to full-time employees that are not provided to temporary or part-time employees, by major operations.	Fully	Share options and pension schemes are an example of benefits provided only to fulltime employees				
Labor/management relations							
LA4	Percentage of employees covered by collective bargaining agreements.	Fully	SD Report, 2010, page 30				
LA5	Minimum notice period(s) regarding significant operational changes, including whether it is specified in collective agreements.	Partially	Notice periods vary significantly based on skills set and national norms, and are generally specified in both individual and collective contractual agreements. For example, Platinum's ERRA - a collective agreement that regulates the relationship between the recognised unions and the business - covers any organisational changes and how management consults on issues impacting on employees or their unions. A minimum of one month's notice is specified in the agreements.	Not reported for all business units, only at Platinum currently	Not material		
MM4	Number of strikes and lock-outs exceeding one week's duration, by country.	Fully	None to Report				
Occupational health and safety							
LA6	Percentage of total workforce represented in formal joint management-worker health and safety committees that help monitor and advise on occupational health and safety programs.	Fully	In the mining industry in South Africa, which hosts 72% of our permanent workforce, this is determined by law, which states that "Every mine with 20 or more employees must have a health and safety representative for each shift at each designated working place at the mine." This works out to an estimate of 5% in South Africa.				
LA7 _{COMM}	Rates of injury, occupational diseases, lost days, and absenteeism, and number of work related fatalities by region.	Fully	SD Report, 2010, pages 23-24				
LA8	Education, training, counseling, prevention, and risk-control programs in place to assist workforce members, their families, or community members regarding serious diseases.	Fully	SD Report, 2010, pagea 18-23				
LA9	Health and safety topics covered in formal agreements with trade unions.	Fully	In South Africa, where 72% of our permanent workforce is located, this is either determined by law or negotiated with trade unions. Topics include the selection, appointment and dismissal or safety represenatives and conditions relating to refusal to work.				
Training and education							
LA10	Average hours of training per year per employee by employee category.	Partially	SD Report, page 29		Not material	Anglo American measures the total number bursaries, apprenticeships, graduate trainees and supernumerary training and not the number of hours of training because bursaries, for example, are often part-time and the number of hours engaged in related work is discretionary	
LA11	Programs for skills management and lifelong learning that support the continued employability of employees and assist them in managing career endings.	Fully	SD Report, page 28-29; 42				
LA12	Percentage of employees receiving regular performance and career development reviews.	Fully	SD Report, page 29				
Diversity and equal opportunity							

LA13	Composition of governance bodies and breakdown of employees per category according to gender, age group, minority group membership, and other indicators of diversity.	Partially	Annual Report, 2010, pages 88-90, 34. SD Report pg. 30, 71	Age groups are not reported for all employee Groups	Not material	Age is not considered to be a material diversity metric	
LA14	Ratio of basic salary of men to women by employee category.	Fully	Anglo American's Business Principles and Human Resources Principles are based on equal opportunity and non-discrimination. All remuneration is calculated according to a single banding framework, which does not take into account gender, race or age. The framework is based on pre-defined role descriptions		Not material	Anglo American does not differentiate between male and female employees in salary	
Social: Human Rights							
Performance Indicator	Description	Reported	Cross-reference/Direct answer	If applicable, indicate the part not reported	Reason for Omission	Explanation	To be reported in
Diversity and equal opportunity							
HR1	Percentage and total number of significant investment agreements that include human rights clauses or that have undergone human rights screening.
