Report on Payments to Government 2025¹

Anglo American is a leading global mining company focused on the responsible production of copper, premium iron ore and crop nutrients – future-enabling products that are essential for decarbonising the global economy, improving living standards, and food security. Our portfolio of world-class operations and outstanding mineral endowments offers value-accretive growth potential across all three businesses, positioning us to deliver into structurally attractive major demand growth trends.

This Report contains payments to Governments made by Anglo American plc and its subsidiaries (“Anglo American”) in the year ended 31 December 2025 as required under both the United Kingdom’s Reports on Payments to Governments Regulations 2014 (as amended in December 2015) and Canada’s Extractive Sector Transparency Act 2014 (together “the Regulations”). This Report also satisfies the applicable requirements of the Disclosure Guidance and Transparency Rules of the Financial Conduct Authority in the United Kingdom and Expectation 3 of the Extractive Industries Transparency Initiative (EITI).

The Regulations apply to large UK and Canadian incorporated companies that are involved in the exploration, prospection, discovery, development and extraction of oil, natural gas deposits or other materials.

This Report on Payments to Governments complies with said Regulations to the extent applicable and reflects the payments made by Anglo American in the scope of its mining exploration and production activity. Payments made in respect of non-mining activity are excluded from this Report as are payments by entities over which Anglo American has joint control or in which it has a minority interest.

This Report, therefore, does not refer to the totality of taxes and payments to governments that Anglo American makes on all of its activities nor does it consider the wider economic contribution Anglo American brings to the countries in which it operates and invests.

¹ Group terminology

In this document, references to “Anglo American”, the “Anglo American Group”, the “Group”, “we”, “us”, and “our” are to refer to either Anglo American plc and its subsidiaries and/or those who work for them generally, or where it is not necessary to refer to a particular entity, entities or persons. The use of those generic terms herein is for convenience only, and is in no way indicative of how the Anglo American Group or any entity within it is structured, managed or controlled. Anglo American subsidiaries, and their management, are responsible for their own day-to-day operations, including but not limited to securing and maintaining all relevant licences and permits, operational adaptation and implementation of Group policies, management, training and any applicable local grievance mechanisms. Anglo American produces group-wide policies and procedures to ensure best uniform practices and standardisation across the Anglo American Group but is not responsible for the day to day implementation of such policies. Such policies and procedures constitute prescribed minimum standards only. Group operating subsidiaries are responsible for adapting those policies and procedures to reflect local conditions where appropriate, and for implementation, oversight and monitoring within their specific businesses.
