RECOMMENDED CASH ACQUISITION

for

SIRIUS MINERALS PLC

by

ANGLO AMERICAN PROJECTS UK LIMITED

(a wholly owned subsidiary of Anglo American plc)

Summary

- The boards of Anglo American plc ("**Anglo American**"), Anglo American Projects UK Limited ("**Bidco**") and Sirius Minerals Plc ("**Sirius**") are pleased to announce that they have reached agreement on the terms of a recommended cash acquisition pursuant to which Bidco shall acquire the entire issued and to be issued share capital of Sirius (the "**Acquisition**"). The Acquisition is intended to be effected by means of a scheme of arrangement under Part 26 of the Companies Act.
- Under the terms of the Acquisition, Sirius Shareholders shall be entitled to receive:

for each Sirius Share	5.50 pence in cash
------------------------------	---------------------------
- The Offer Price represents a premium of approximately:
 - 34.1 per cent. to the Closing Price of 4.10 pence per Sirius Share on 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period);
 - 46.5 per cent. to the volume-weighted average price of 3.75 pence per Sirius Share since Sirius' 17 September 2019 strategic review announcement to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period);
 - 53.4 per cent. to the one-month volume-weighted average price of 3.59 pence per Sirius Share to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period); and
 - 61.7 per cent. to the three-month volume-weighted average price of 3.40 pence per Sirius Share to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period).
- The Acquisition values the entire issued and to be issued share capital of Sirius at approximately £404.9 million.
- If, on or after the date of this announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is declared, made or paid by Sirius on the Sirius Shares, the Offer Price shall be reduced correspondingly. In such circumstances, Sirius Shareholders

would be entitled to retain any such dividend, distribution or other return of value declared, made or paid.

- In September 2019, Sirius announced that it was undertaking a strategic review in order to assess the development plan for its North Yorkshire polyhalite project (the “**Project**”) and an appropriate financing structure to provide relevant funding. Sirius also announced that the strategic review would include a broader process to seek a major strategic partner in the Project. In November 2019, Sirius provided an update on the progress of this strategic review, including a revised two-stage development plan.
- Anglo American identified the Project as being of potential interest some time ago, given the quality of the underlying asset in terms of scale, resource life, operating cost profile and the nature and quality of its product. The Project has the potential to fit well with Anglo American’s established strategy of focusing on world-class assets, particularly in the context of Anglo American’s portfolio trajectory towards later cycle products that support a fast-growing global population and a cleaner, greener, more sustainable world. The key elements underlying the rationale include:
 - Asset quality: Anglo American believes that the Project has the potential to become a world-class, low-cost and long-life asset. Sirius has progressed the development of the Project to an advanced stage, with construction now under way for over two years. Sirius has indicated that this is currently the world’s largest known high-grade polyhalite deposit with a JORC Reserve of 290 million tonnes, with a grade of 88.8%, and a Resource of 2.69 billion tonnes. The Resource indicated by Sirius has the scale, thickness and quality to be mined efficiently through a relatively simple, low-energy, non-chemical production process. Sirius has indicated that the Project could operate at an EBITDA margin potentially well in excess of 50% leaving the Project well positioned for strong through-the-cycle profitability with an anticipated long asset life.
 - Development pathway: At this stage, the Project requires a significant amount of further financing to develop and commission the operation that has proven challenging for Sirius to procure on an economic basis. Anglo American, as one of the world’s leading mining companies, has the resources and capabilities to help build on the achievements of the Sirius team. Anglo American remains committed to its disciplined capital allocation framework. In the first two years after successful completion of the Acquisition, development work on the Project is expected to be broadly in line with Sirius’ revised development plan although Anglo American intends to update the development timeline, optimise mine design and ensure appropriate integration with its own operating standards and practices. During this period and subject to the update, development work of approximately US\$300 million per annum is expected. Anglo American believes that there is the potential for long-term benefits from Anglo American’s technical expertise in both the development and operational phases, as well as from Anglo American’s recognised Operating Model to drive safety and productivity to world-leading standards. Integration into Anglo American’s global marketing network would provide full mine-to-market capabilities and build on Anglo American’s institutional experience in the world’s major fertiliser markets.
 - Premium product: Sirius’ polyhalite product, POLY4, is a multi-nutrient fertiliser certified for organic use and has the potential to generate demand at a competitive cost that supports a strong margin. POLY4 is an attractive low-chloride alternative

to, and for blending with, traditional fertiliser products on a cost-effective basis. It includes four of the six key nutrients that plants need to grow – potassium, sulphur, magnesium and calcium. The use of fertilisers is one of the most effective ways to improve agricultural yields and therefore help to address the anticipated future imbalance between food, feed and biofuel demand and supply caused by a fast-growing global population and limited additional land availability for agricultural use.

Recommendation

- The Sirius Directors, who have been so advised by J.P. Morgan Cazenove and Lazard as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing their advice to the Sirius Directors, J.P. Morgan Cazenove and Lazard have taken into account the commercial assessments of the Sirius Directors. In addition, the Sirius Directors consider the terms of the Acquisition to be in the best interests of Sirius Shareholders as a whole.
- Accordingly, the Sirius Directors intend to recommend unanimously that Sirius Shareholders vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the General Meeting as the Sirius Directors who hold Sirius Shares have irrevocably undertaken to do or procure to be done in respect of their own beneficial holdings, amounting, in aggregate, to 172,462,637 Sirius Shares representing, in aggregate, approximately 2.46 per cent. of the issued share capital of Sirius as at 16 January 2020 (being the latest practicable date prior to this announcement).

Timetable

- It is intended that the Acquisition will be effected by means of a scheme of arrangement of Sirius under Part 26 of the Companies Act, further details of which are contained in the full text of this announcement (and will be included in the Scheme Document). Anglo American and Bidco reserve the right to implement the Acquisition by way of a Takeover Offer, subject to the Panel's consent and the terms of the Co-operation Agreement.
- The Acquisition shall be put to Sirius Shareholders at the Court Meeting and at the General Meeting. In order to become Effective, the Scheme must be approved by a majority in number of the Sirius Shareholders voting at the Court Meeting, either in person or by proxy, representing at least 75 per cent. in value of the Sirius Shares voted. In addition, a special resolution implementing the Scheme must be passed by Sirius Shareholders representing at least 75 per cent. of votes cast at the General Meeting.
- The Acquisition is subject to further conditions and terms set out in Appendix I to this announcement, including the receipt of the relevant clearances from the competition and regulatory authorities.
- Bidco and Sirius intend to work together (to the extent legally permissible) to engage constructively with relevant stakeholders.
- It is expected that the Scheme Document, containing further information about the Acquisition and notices of the Court Meeting and the General Meeting, shall be sent to Sirius Shareholders within 28 days of this announcement and it is expected that the Scheme will become Effective by 31 March 2020.

Commenting on the Acquisition, Mark Cutifani, Chief Executive of Anglo American, said:

“Anglo American’s recommended offer provides greater certainty for Sirius’ Shareholders, employees and wider stakeholders, while bringing the prospects for the development of this potential Tier 1 Project closer to reality. We intend to bring Anglo American’s financial, technical and product marketing resources and capabilities to the development of the Project, which of course would be expected to unlock a significant and sustained associated employment and economic stimulus for the local area.

“The addition of the Project supports our ongoing transition towards supplying those essential metals and minerals that will meet the world’s evolving needs – in terms of the undoubted need for cleaner energy and transport, and providing infrastructure and food for the world’s fast-growing and urbanising population. Our development of the Project in the years ahead reinforces the quality of our portfolio and our long-term growth profile, further enhancing our ability to deliver leading returns on a sustainable basis and enduring value for all stakeholders.”

Commenting on the Acquisition, Russell Scrimshaw, Chairman of Sirius, said:

“Four months ago, following the setbacks in the bond market, we took the difficult decision to slow the pace of development of our project and initiate a strategic review to reassess how best to unlock the long term value for our Shareholders, the community, the UK, and our customers all around the world.

“The scope of the strategic review was to consider and incorporate optimisations to the Project development plan and to explore alternative funding solutions, including looking for a strategic partner to acquire a minority interest in the Project to provide those funds and support the senior debt financing required to complete the Project.

“We were successful in reducing the initial funding needs of our Project to map out a way to develop the Project in a way that better aligned risk to capital providers but, despite an extensive global search for a strategic investor, we have to date not received a firm proposal for a partial Project stake. The only viable proposal was received from Anglo American in early January, who were only interested in pursuing a 100% control transaction.

“Alternative financing solutions have also been pursued in parallel to the strategic partner process, which resulted initially in a non-binding proposal being received in December 2019 and subsequently a revised proposal being received on 9 January 2020. However, in the opinion of the Sirius Board and its advisers, the terms of the proposal received and the conditions attached are not acceptable in their current form. It is highly unlikely that acceptable revisions to this financing proposal can be delivered and implemented by the end of March 2020.

“We acknowledge that to many Shareholders our decision as a board to recommend this offer will have come as a shock. Your board deeply regrets that we could not deliver the complete stage two financing in 2019 despite a very broad and thorough process. Going into the strategic review the Sirius Board’s strong preference was a solution that allowed current Shareholders to participate as fully as possible in the future development of the Project. Following the strategic review process it is clear that no such options are currently available to us and in that context Anglo American’s offer is the only feasible option.

“We also recognise the returns that this offer would represent are not what either our shareholders or the Sirius Board had previously hoped for. We regret that we are not able to deliver on our long-term goal of Sirius being able to deliver the Project into production, although we assure all stakeholders that the team has worked tirelessly and diligently over the last nine years to try and achieve that. However, given the current cash constraints of Sirius, and lack of realistic and deliverable alternative financing and development options, we believe this to be a fair approach from

Anglo American, a company committed to approaching the Project in the right way, and with the resources to complete the job.

“We now face a stark choice. If the Acquisition is not approved by Shareholders and does not complete there is a high probability that the business could be placed into administration or liquidation within weeks thereafter. This outcome would most likely result in Shareholders losing all of their investment, as well as put the future of the entire Project, and its associated benefits for the local area and the UK, at risk.

“This is the context in which your board must assess the offer for your company and, having given due consideration, your board believes the Acquisition to be in the best interests of Sirius and all of its stakeholders, providing Shareholders with some financial return.”

This summary should be read in conjunction with the full text of this announcement. The Acquisition shall be subject to the Conditions and further terms set out in Appendix I to this announcement and to the full terms and conditions which shall be set out in the Scheme Document. Appendix II to this announcement contains the sources of information and bases of calculations of certain information contained in this announcement, Appendix III contains a summary of the irrevocable undertakings received in relation to this Acquisition and Appendix IV contains definitions of certain expressions used in this summary and in this announcement.

Additional information for US investors

The Acquisition relates to shares of a UK company and is proposed to be effected by means of a scheme of arrangement under the laws of England and Wales. A transaction effected by means of a scheme of arrangement is not subject to the tender offer rules or the proxy solicitation rules under the US Exchange Act.

Accordingly, the Acquisition is subject to the disclosure and procedural requirements applicable in the United Kingdom to schemes of arrangement which differ from the disclosure requirements of United States tender offer and proxy solicitation rules.

Neither the US Securities and Exchange Commission nor any US state securities commission has approved or disapproved or passed judgment upon the fairness or the merits of the Acquisition or determined if this announcement is adequate, accurate or complete. Any representation to the contrary is a criminal offence in the US.

However, if Anglo American were to elect to implement the Acquisition by means of a takeover offer, such takeover offer shall be made in compliance with all applicable United States laws and regulations, including any applicable exemptions under the US Exchange Act. Such a takeover would be made in the United States by Anglo American and no one else.

In the event that the Acquisition is implemented by way of Takeover Offer, in accordance with normal United Kingdom practice and pursuant to Rule 14e-15(b) of the US Exchange Act, Anglo American or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Sirius outside of the US, other than pursuant to such Takeover Offer, during the period in which such Takeover Offer would remain open for acceptance. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

Disclosure requirements of the Takeover Code

Under Rule 8.3(a) of the Takeover Code, any person who is interested in 1 per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror, save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they shall be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

If you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure, you should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129.

Electronic communications

Please be aware that addresses, electronic addresses and certain information provided by Sirius Shareholders, persons with information rights and other relevant persons for the receipt of communications from Sirius may be provided to Anglo American during the Offer Period as requested under Section 4 of Appendix 4 of the Takeover Code to comply with Rule 2.11(c) of the Takeover Code.

RECOMMENDED CASH ACQUISITION

for

SIRIUS MINERALS PLC

by

ANGLO AMERICAN PROJECTS UK LIMITED

(a wholly owned subsidiary of Anglo American plc)

1 Introduction

The boards of Anglo American plc ("**Anglo American**"), Anglo American Projects UK Limited ("**Bidco**") and Sirius Minerals Plc ("**Sirius**") are pleased to announce that they have reached agreement on the terms of a recommended cash acquisition pursuant to which Bidco shall acquire the entire issued and to be issued share capital of Sirius (the "**Acquisition**"). The Acquisition is intended to be effected by means of a scheme of arrangement under Part 26 of the Companies Act.

2 The Acquisition

Under the terms of the Acquisition, which shall be subject to the Conditions and further terms set out in Appendix I to this announcement and to be set out in the Scheme Document, Sirius Shareholders shall be entitled to receive:

for each Sirius Share	5.50 pence in cash
------------------------------	---------------------------

The Acquisition values the entire issued and to be issued share capital of Sirius at approximately £404.9 million and represents a premium of approximately:

- 34.1 per cent. to the Closing Price of 4.10 pence per Sirius Share on 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period);
- 46.5 per cent. to the volume-weighted average price of 3.75 pence per Sirius Share since Sirius' 17 September 2019 strategic review announcement to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period);
- 53.4 per cent. to the one-month volume-weighted average price of 3.59 pence per Sirius Share to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period); and
- 61.7 per cent. to the three-month volume-weighted average price of 3.40 pence per Sirius Share to 7 January 2020 (being the last Business Day prior to the commencement of the Offer Period).

If, on or after the date of this announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is declared, made or paid by Sirius on the Sirius Shares, the Offer Price shall be reduced correspondingly. In such circumstances, Sirius Shareholders would be entitled to retain any such dividend, distribution or other return of value declared, made or paid.

It is expected that the Scheme Document, containing further information about the Acquisition and notices of the Court Meeting and the General Meeting, shall be sent to Sirius Shareholders within 28 days of this announcement and it is expected that the Scheme will become Effective by 31 March 2020.

3 Background to and reasons for the Acquisition

In September 2019, Sirius announced that it was undertaking a strategic review in order to assess the development plan for its North Yorkshire polyhalite project (the “**Project**”) and an appropriate financing structure to provide relevant funding. Sirius also announced that the strategic review would include a broader process to seek a major strategic partner in the Project. In November 2019, Sirius provided an update on the progress of this strategic review, including a revised two-stage development plan.

The Project, once developed, is expected to produce a premium fertiliser product that has the potential to generate demand both on a standalone basis and when blended with existing products at a competitive cost that would support attractive margins.

Anglo American is a leading global mining company with a world-class portfolio of mining and mineral processing operations and undeveloped resources, combined with a worldwide marketing network through which it sells its products to customers. Anglo American has a clear, asset-led strategy and the quality, long life and growth potential of those mineral assets are the foundation of the long-term competitiveness and sustainability of its business.

Anglo American identified the Project as being of potential interest some time ago, given the quality of the underlying asset in terms of scale, resource life, operating cost profile and the nature and quality of its product. The Project has the potential to fit well with Anglo American’s established strategy of focusing on world-class assets, particularly in the context of Anglo American’s portfolio trajectory towards later cycle products that support a fast-growing global population and a cleaner, greener, more sustainable world.

Anglo American believes that the offer provides certainty to Sirius Shareholders, employees and wider stakeholders, whilst Anglo American brings financial, technical and marketing resources and capabilities to progress the Project over time, with the potential for associated employment and economic benefits for the local area. Anglo American remains committed to its disciplined capital allocation framework. In the first two years after successful completion of the Acquisition, development work on the Project is expected to be broadly in line with Sirius’ revised development plan although Anglo American intends to update the development timeline, optimise mine design and ensure appropriate integration with its own operating standards and practices. As part of that process, Anglo American will review the residual capital for the Project under its ownership. Sirius currently expects incremental capital of approximately US\$3.3 billion in order to reach a production level of 10 mtpa and assuming a P90 contingency. During these first two years and subject to the update, development work of approximately US\$300 million per annum is expected. In line with its capital allocation framework Anglo American will also keep potential syndication of the Project under review.

Within Anglo American's portfolio, the Project is expected to benefit from Anglo American's technical expertise in both the development and operational phases, as well as from Anglo American's recognised Operating Model to drive safety and productivity to world-leading standards. Integration into Anglo American's marketing network provides further potential through full mine-to-market capabilities and institutional experience in the world's major fertiliser markets.

Anglo American notes the following key attributes of the Project from its initial assessment:

Asset quality

Anglo American believes that the Project has the potential to become a world-class, low-cost and long-life asset. Sirius has progressed the development of the Project to an advanced stage, with construction now under way for over two years. Sirius has indicated that this is currently the world's largest known high-grade polyhalite deposit with a JORC Reserve of 290 million tonnes, with a grade of 88.8% and a Resource of 2.69 billion tonnes. The Resource indicated by Sirius has the scale, thickness and quality to be mined efficiently through a relatively simple, low-energy, non-chemical production process. Anglo American expects that this could result in total unit costs of US\$40-50 per tonne at an initial level of production of 10 mtpa. Sirius has indicated that the Project could operate at an EBITDA margin potentially well in excess of 50%, leaving the Project well positioned for strong through-the-cycle profitability with an anticipated long asset life.

Development pathway

As at 30 September 2019, US\$1.1 billion has been invested in the development of the Project, with construction supported by the appointment of well-proven contractors including DMC Mining Services Ltd, Strabag AG, Worley Parsons Ltd and P. J. Carey (Contractors) Limited.

All material development, operational and export approvals are in place and access rights secured for the current development plan including the sinking of an operation and a service shaft, the construction of the proposed mineral transport system ("**MTS**") and the material handling facility ("**MHF**") as well as the refurbishment of the port handling facility. The MTS will transport product 37km underground, directly from the mine to the MHF. This will have direct access to dedicated, deep-water harbour facilities.

Prior to completion of the Acquisition, Sirius intends to provide Anglo American and Bidco with information relating to its ongoing cash balance and cash flow requirements in respect of the Offer Period, provided that Anglo American and Bidco agree that such information shall not be used as the basis for invoking any Condition to the Acquisition. Anglo American, Bidco and Sirius intend to work with each other (to the extent legally permissible) to ensure that the business continues to address the financial challenges it faces in the long-term best interests of Sirius and its stakeholders.

Premium product

Global fertiliser demand is driven by factors including food, feed and fuel demand, which are in turn driven by population growth, diet, arable land per capita and biofuel demand. The use of fertilisers is one of the most effective ways to improve agricultural yields and therefore help to address the anticipated future imbalance between food, feed and biofuel demand and supply. Fertilisers are therefore likely to have a critical role to play in a sustainable future.

Sirius' polyhalite product, POLY4, is a multi-nutrient fertiliser certified for organic use and has the potential to generate demand at a competitive cost that supports a strong margin. POLY4

is an attractive low-chloride alternative to, and for blending with, traditional fertiliser products on a cost-effective basis. It includes four of the six key macro-nutrients necessary for plant growth, being potassium, sulphur, magnesium and calcium, and has been certified for organic use.

Over a period of 7 years, a total of 492 trials across 54 different crops in 31 different countries have been undertaken by Sirius to support discussions with customers on the technical and commercial applications of POLY4. These have shown that polyhalite can improve crop yield, quality and taste. Polyhalite can also improve plant resistance to drought, frost, insects and diseases. Trials are ongoing and will continue to take place during the review phase.

POLY4 will be positioned as a premium product as a result of its multi-nutrient, lower-chloride composition. POLY4 and Sulphate of Potash have significantly lower chloride content (less than five per cent.) than the most commonly used potash fertilizer, Muriate of Potash (approximately 40 per cent.). This is important because many of the world's major crops, such as tea, coffee, beans, potatoes, and many fruits and vegetables, are particularly sensitive to chloride. Sirius has also identified that POLY4 generates significantly less CO₂ per tonne relative to both Sulphate of Potash and Muriate of Potash (less than, approximately, 93% and 85% respectively).

As a result of the significant benefits and potential for POLY4, Sirius has been able to enter into a number of customer offtake agreements with well-established counterparties such as Archer Daniels Midland Company, BayWa AG, Cibrafertel Companhia Brasileira de Fertilizantes, Indian Farmers Fertilisers Cooperative Ltd, Wilmar Group and Qatar Chemical and Petrochemical Marketing and Distribution Company Q.p.J.S.C. A large proportion of these agreements have specific price levels recognising the value from key nutrients and have been set up on a take-or-pay basis. In total, these offtake arrangements accommodate production in excess of 10 mtpa. Based on January 2019 prices, the indicative weighted average FOB price for POLY4 would be approximately US\$140 per tonne under the offtake agreements as outlined in Sirius' May 2019 prospectus. This figure is not a forecast of future pricing and future pricing could be materially different.

Investing in the United Kingdom

The Project is located in North Yorkshire in the United Kingdom and offers the potential for significant investment and sustained job creation in the region, both directly and indirectly. Key stakeholders, including the North York Moors National Parks Authority, Scarborough Borough Council and a number of local landowners continue to express their support for its development.

As a sign of its intent to support the sustainable development of the Project's host communities, Anglo American intends to make a voluntary contribution of £4 million to the Sirius Minerals Foundation, with £1 million to be paid on completion of the Acquisition and a further £1 million to be paid on the anniversary of completion of the Acquisition for the next three years.

4 Recommendation

The Sirius Directors, who have been so advised by J.P. Morgan Cazenove and Lazard as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing their advice to Sirius Directors, J.P. Morgan Cazenove and Lazard have taken into account the commercial assessments of the Sirius Directors. In addition, the

Sirius Directors consider the terms of the Acquisition to be in the best interests of Sirius Shareholders as a whole.

Accordingly, the Sirius Directors intend to recommend unanimously that Sirius Shareholders vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the General Meeting as the Sirius Directors who hold Sirius Shares have irrevocably undertaken to do or procure to be done in respect of their own beneficial holdings, amounting, in aggregate, to 172,462,637 Sirius Shares, representing, in aggregate, approximately 2.46 per cent. of the issued share capital of Sirius as at 16 January 2020 (being the latest practicable date prior to announcement).

Further details of these irrevocable undertakings (including the circumstances in which they shall fall away) are set out in Appendix III to this announcement.

5 Background to and reasons for the recommendation

On 17 September 2019 Sirius announced that, as a result of market conditions impacting its ability to deliver its Stage 2 Financing, it would be slowing the pace of development on its North Yorkshire polyhalite project and undertaking a strategic review over a period of six months. The purpose of the strategic review was to consider and incorporate optimisations to the project development plan and to explore alternative funding solutions, including conducting a process with the aim of identifying and securing a strategic investor in the project, in order to reassess the best way to unlock the value of the project for Sirius Shareholders, the community, the UK, and Sirius' customers all around the world. Sirius believed that the compelling economics of the Project provided a strong basis for a revised funding plan, but that it would require time to bring together components of such a plan and to assess investor appetite for a revised funding plan. The strategic review also recognised the difficult market conditions in the project finance market for single asset companies with a greenfield mining project and took into account the feedback received from prospective senior debt providers (including during Stage 2 Financing) around the risks associated with construction. Sirius had identified strategic partners as a way to bring extra capital into the Project to strengthen the credit case, as well as to potentially provide extra support during construction.

As at 31 August 2019, Sirius had approximately £180 million of unrestricted cash. That amount did not provide sufficient liquidity for Sirius to continue the development of the project in line with its original development schedule for any significant period of time. Therefore, the Sirius Board determined that the scope of development works would be scaled down to provide time to conduct the strategic review of the project development and to explore various funding options. The reduced pace of development focused on maintaining key areas of the Project to preserve the most value for the Project.

During the preliminary phase of the strategic review, Sirius assessed the development options available to significantly de-risk the proposition for any future senior debt providers. In the debt raising processes conducted by Sirius over the last three years, one common aspect identified by prospective credit providers had been the perceived risk associated with deep shaft construction. On 11 November 2019, Sirius announced an update to the strategic review which had identified a two-stage development plan to enable Sirius to achieve the key de-risking milestone of first polyhalite, when the service shaft reaches the polyhalite ore body, with an upfront capital requirement of ~US\$600 million (in addition to existing cash resources) for this initial scope. The deferred scope of additional works required to reach an installed and ramped up production capacity of 10 mtpa contemplated up to US\$2.5 billion of further capital

expenditure thereafter. At the same time, Sirius announced that it was seeking to have the initial scope funded from the proceeds of either the strategic investor process or through a structured debt financing package, with either potentially incorporating the issue of new equity or an equity-like component to the financing package. Sirius confirmed that the strategic partner and debt financing processes were underway with the aim of securing ~US\$600 million of initial scope funding, with various parties engaged and assessing information.

Sirius and its advisers have undertaken an extensive global engagement process, covering mining and fertilizer companies, broader natural resource and industrial companies, financial sponsors, sovereign wealth funds and family offices, as well as providers of structured finance and mezzanine investors. Sirius has facilitated access to project information, conducted site visits and management presentations, supported due diligence requirements and held discussions with parties interested in the Project. Sirius has also evaluated capital markets financing options including institutional equity and retail equity investors, senior mezzanine and junior debt and convertible debt. The Sirius Board has carefully and regularly reviewed the progress of the revised funding plan. It has monitored the status of all parties involved in the strategic investor and debt financing processes and has evaluated discussions and proposals received against the objectives of the strategic review and the Sirius Group's remaining liquidity position.

As at 31 December 2019, Sirius had approximately £59.9 million of unrestricted cash, which was broadly in line with the expected capital spend when the strategic review was announced on 17 September 2019. Unless Sirius is able to secure additional funding or a merger or acquisition transaction involving Sirius by the end of March 2020 or soon thereafter, the Sirius Board would be required to place Sirius into administration or liquidation, which could result in Shareholders losing all of their investment in Sirius.

In conjunction with this review, Anglo American actively explored an interest in Sirius during Q4 2019. On 6 January 2020 the Sirius Board received a non-binding indicative proposal from Anglo American expressing an interest in acquiring Sirius. On 8 January 2020, Sirius announced that it was in advanced discussions with Anglo American regarding a possible all-cash offer of 5.50 pence per Sirius Share for the entire issued, and to be issued, share capital of Sirius. Following receipt of the Anglo American proposal, the Sirius Board carefully assessed the merits of the proposal against the potential alternative options from other parties involved in the ongoing strategic investor and debt financing processes and also in light of the Sirius Group's current and expected liquidity position.

The most advanced alternative proposal was a potential debt financing proposal from a consortium of financial investors. In December 2019, Sirius received a non-binding term sheet from the consortium to form the basis of a US\$680 million funding package to cover the initial scope of work. On 9 January 2020, Sirius received a revised non-binding term sheet from the consortium. The Sirius Board reviewed the proposed terms and conditions, together with its advisers, and concluded that the consortium's conditions and the time it would take to meet such conditions were such that there is a very material risk that the overall funding package would not be implementable by the end of March 2020. Based on the backdrop of the search for a standalone funding solution undertaken over the last 4 months and the extensive discussions held during that timeframe, the Sirius Board believes that, at this time, there is not likely to be an alternative to the Acquisition other than administration or liquidation.

In this context, the Sirius Directors view the Acquisition as the only viable way forward for Sirius. It provides certainty of value in cash to Sirius Shareholders (as against potentially losing all of their investment) and, as a result of the support of the Project by Anglo American,

provides greater certainty of outcome for Sirius' creditors. In addition, it safeguards the Project by placing it into a group with the financial, technical and marketing resources and capabilities to progress it over time; it protects the employees, and allows the community, region and the UK to continue to benefit from the Project.

The Sirius Directors, who have been so advised by J.P. Morgan Cazenove and Lazard as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. J.P. Morgan Cazenove and Lazard are providing independent financial advice to the Sirius Board for the purposes of Rule 3 of the Takeover Code. In providing advice to the Sirius Board, J.P. Morgan Cazenove and Lazard have taken into account the commercial assessments of the Sirius Board.

The Sirius Directors consider the terms of the Acquisition to be in the best interests of Sirius Shareholders as a whole. The Sirius Directors therefore unanimously recommend that Sirius Shareholders vote in favour of the Scheme at the Court Meeting and the Special Resolution to be proposed at the Sirius General Meeting.

6 Information on Anglo American

Anglo American

Anglo American is a leading global mining company whose products are the essential ingredients in almost every aspect of modern life. Its portfolio of world-class competitive mining operations and undeveloped resources provides the metals and minerals that enable a cleaner, greener and more sustainable world and that meet the fast-growing consumer-driven demands of the world's developed and maturing economies. With people at the heart of its business, Anglo American uses innovative practices and the latest technologies to discover new resources and mine, process, move and market its products to customers around the world – safely, responsibly and sustainably.

Anglo American was founded in 1917 and today produces diamonds (through De Beers), copper, platinum group metals, iron ore, metallurgical coal, nickel and thermal coal, with operations and projects in development in Australia, Botswana, Brazil, Canada, Chile, Colombia, Namibia, Peru, South Africa and Zimbabwe, most of whose products are marketed to customers via a dedicated global marketing business based in London and Singapore. In 2018, Anglo American generated revenue of US\$27.6 billion, an underlying EBITDA of US\$9.2 billion and profit attributable to equity shareholders of US\$3.5 billion, with a 19% Return on Capital Employed. Headquartered in London and listed on the London and Johannesburg stock exchanges with a market capitalisation of £29.8 billion as of 16 January 2020, Anglo American employs approximately 90,000 people around the world.

The Acquisition will mark a continuation of Anglo American's long experience in the fertiliser market over much of the last 50 years, having owned and operated assets both in the U.K and more recently in Brazil until 2016 when it ceased to have any interests in the fertiliser market.

Bidco

Bidco is a newly incorporated indirect wholly owned subsidiary of Anglo American, and is a private limited company incorporated in England and Wales.

Bidco has not traded since incorporation, nor has it entered into any obligations, other than in connection with the Acquisition.

7 Information on Sirius

Sirius is a public limited company registered in England and Wales. The Sirius Shares are listed on the Official List.

Sirius was previously quoted on the AIM market of the London Stock Exchange in 2005 and the Sirius Shares were admitted to trading to the Main Market of the London Stock Exchange on 28 April 2017. Since then, the Company's principal activities have been to raise funds to invest in developing potential mining opportunities. Prior to the acquisition of York Potash Limited and the Project in January 2011, such development opportunities included projects in North Dakota, Queensland and Western Australia. These projects and associated project companies are now dormant or wound up, and Sirius' resources have been dedicated to the development of the Project.

8 Directors, management, employees and locations

Employees and management

Anglo American attaches great importance to the skill and experience of Sirius' management and employees and recognises that the commitment of the management and employees of Sirius will be important to Anglo American going forward, particularly in relation to the development of the Project and therefore, save as set out in "Sirius senior management and incentivisation arrangements" below, Anglo American does not intend to make any material change in the conditions of employment of Sirius employees, unless otherwise agreed with the relevant employee.

Anglo American intends to support the Sirius management team in conjunction with the broader resources of Anglo American in order to proceed with the development of the Project following a further review of the development plan. Anglo American remains committed to its disciplined capital allocation framework. In the first two years after successful completion of the Acquisition, development work on the Project is expected to be broadly in line with Sirius' revised development plan although Anglo American intends to update the development timeline, optimise mine design and ensure appropriate integration with Anglo American's own operating standards and practices. Following completion of the Acquisition, Anglo American does not intend to initiate any material headcount reductions within the current Sirius organisation or any material changes in the balance of skills and functions of the Sirius employees and management but may provide additional support to the Project through the use of Anglo American's skills and capabilities. Anglo American intends to continue to support Sirius' existing engineering apprentice scheme.

Sirius currently has a head office in Scarborough with a small registered office in London. Following completion of the Acquisition, Anglo American intends to maintain Sirius' Scarborough office and to close Sirius' London office. Anglo American intends to maintain Sirius' executive, sales and projects functions across both locations and consolidate certain corporate and support functions with corresponding Anglo American functions. Anglo American has not yet determined whether these steps will result in headcount reductions but Anglo American would expect that any required reductions would not be material in number.

It is expected that, upon completion of the Acquisition, each of the non-executive members of the Sirius Board shall resign from his/her office as a Sirius Director.

Existing rights and pension schemes

Anglo American has given assurances to the Sirius Directors that, following completion of the Acquisition, the existing contractual and statutory rights and terms and conditions of employment, including pension obligations, of the management and employees of the Sirius Group will be fully safeguarded in accordance with applicable law. The Sirius Group has confirmed to Anglo American that the only pension scheme it currently makes available to its employees is a defined contribution pension scheme provided through an external provider and it does not have any current or historical liability exposure to any pension arrangements providing benefits on a defined benefit basis. Anglo American therefore does not anticipate any pensions underfunding risk or exposure to any pension scheme deficit arising under legislation to, or in respect of, the Sirius Group employees following completion of the Acquisition.

Sirius senior management and incentivisation arrangements

Each of the Sirius Chief Executive Officer; Chief Financial Officer; General Counsel and Company Secretary; Chief Development Officer; Chief Marketing Officer; External Affairs Director and People Director have agreed that they will remain with the Sirius business following completion of the Acquisition, for a period of at least one year. Anglo American has therefore agreed that during the period of one year following completion there will be no changes to these individuals' remuneration arrangements in respect of salary, benefits and pensions, and that during this period they will continue to participate in a bonus and a long-term incentive arrangement in accordance with their current ordinary level of annual bonus and long-term incentive participation. The annual bonus and long-term incentive arrangements will be cash-based and subject to terms, including in relation to continued employment and performance conditions, to be determined in due course.

Locations, fixed assets and research and development

Except as referred to in "Employees and management" above, Anglo American does not intend to make any material restructurings or changes in location of Sirius' operations and places of business following completion of the Acquisition.

No changes are envisaged by Anglo American with respect to the redeployment of Sirius' fixed asset base.

Sirius' research, or global agronomy, programme is designed to provide scientific data on specific crop responses to POLY4 and POLY4-based NPK blends to support ongoing discussions with customers on the technical and commercial applications of POLY4. Anglo American intends to continue to support Sirius' research programme.

The Acquisition shall not have any impact on the existing business of Anglo American.

De-listing

Prior to the Scheme becoming Effective, it is intended that applications will be made to the London Stock Exchange to cancel trading in Sirius Shares on the London Stock Exchange's Main Market for listed securities and to the FCA to cancel the listing of Sirius Shares from the Official List, in each case to take effect on or shortly after the Effective Date.

Other

No statements in this paragraph 8 constitute "post-offer undertakings" for the purposes of Rule 19.5 of the Takeover Code.

9 The Sirius Share Plans

Participants in the Sirius Share Plans shall be contacted regarding the effect of the Acquisition on their rights under the Sirius Share Plans and appropriate proposals shall be made to such participants in due course. Further details of the terms of such proposals shall be included in the Scheme Document and in separate letters to be sent to participants in the Sirius Share Plans.

10 The Convertible Bonds

Anglo American will make an appropriate proposal to the Convertible Bondholders. Anglo American intends to treat the Effective Date as the date of occurrence of a “Change of Control” under the terms and conditions of the Convertible Bonds. Under such proposals, Convertible Bondholders will have the right:

- to convert their Convertible Bonds at their prevailing conversion price prior to the Effective Date of the Scheme. Convertible Bondholders who exercise this right will participate in the Scheme as holders of Sirius Shares and will receive the Offer Price for each Sirius Share then held; and/or
- subject to completion of the Acquisition, to convert their Convertible Bonds during the period of 60 days following the Effective Date at the enhanced change of control conversion price. Convertible Bondholders who exercise this right will (as a result of amendments to Sirius’ articles of association proposed to be implemented as from the Effective Date) receive the Offer Price for each Sirius Share they would have otherwise been entitled to on conversion, rather than the resulting Sirius Shares; and/or
- subject to completion of the Acquisition to redeem their Convertible Bonds, in the case of the Sirius 2023 Bonds, at their principal amount plus accrued interest and, in the case of the Sirius 2027 Bonds, at their accreted principal amount plus accrued interest, in each case in accordance with the terms of the relevant Convertible Bonds.

Further details of these proposals shall be included in the Scheme Document and in the separate notice to be given to the Convertible Bondholders in due course.

Convertible Bondholders that do not exercise any of these rights will retain the right (for so long as their Convertible Bonds remain outstanding and in accordance with the terms and conditions of the Convertible Bonds) either to continue to hold their Convertible Bonds or to convert their Convertible Bonds at the prevailing conversion price following the end of the 60-day change of control period. Convertible Bondholders who exercise this conversion right will not be entitled to the enhanced change of control conversion price and will receive the Offer Price for each Sirius Share they would otherwise have been entitled to on conversion, rather than the resulting Sirius Shares (as a result of amendments to Sirius’ articles of association proposed to be implemented as from the Effective Date). For the avoidance of doubt, the Acquisition is not conditional upon the approval of the Convertible Bondholders.

11 Hancock royalty deed

Pursuant to a royalty financing agreement dated 25 October 2016 entered into between Sirius, York Potash Limited, York Potash Processing & Ports Limited and Hancock British Holdings Limited (“**Hancock**”) (as amended by a side letter dated 13 September 2018) (together, the “**Royalty Deed**”), Hancock has a right to subscribe, and Sirius has an obligation to require

Hancock to subscribe, for Sirius Shares subject to the terms and conditions of the Royalty Deed being satisfied (or waived by Hancock). Pursuant to the terms of the Royalty Deed, Hancock also has certain board observers and rights to appoint a director to the Sirius Board.

Hancock has agreed that, conditional upon completion of the Acquisition, Hancock irrevocably waives its right to subscribe, and agrees that Sirius shall have no obligation to require Hancock to subscribe, for Sirius Shares, and has agreed to remove the board observers and director appointment rights afforded to it under the terms of the Royalty Deed (the “**Hancock Waiver**”). Anglo American has agreed, in a side letter (the “**Waiver Side Letter**”), conditional upon completion of the Acquisition, to procure that Sirius agrees to the terms of the Hancock Waiver.

12 Financing

Full acceptance of the Acquisition will result in the payment by Anglo American of up to approximately £404.9 million in cash to Sirius Shareholders. The cash consideration payable to Sirius Shareholders under the terms of the Acquisition will be funded from existing cash facilities.

BofA Securities, as financial adviser to Anglo American, is satisfied that sufficient cash resources are available to Anglo American to enable it to satisfy, in full, the cash consideration payable to Sirius Shareholders under the terms of the Acquisition.

13 Asset valuation reports

For the purposes of Rule 29 of the Takeover Code, Sirius notes that the asset valuation reports it published in the 12 months before the start of the Offer Period (specifically, in the Sirius equity prospectus dated 1 May 2019 and the York Potash Intermediate Holdings Plc preliminary bond offering memorandum dated 19 July 2019) were based on a series of assumptions and structures that are no longer valid or relevant in the context of the Acquisition. Sirius therefore disclaims the content of those reports and so the information in them should be discounted by Sirius Shareholders when considering the Acquisition.

14 Offer-related arrangements

Confidentiality Agreement

Anglo American Services (UK) Limited and Sirius entered into a confidentiality agreement dated 8 January 2020 (the “**Confidentiality Agreement**”) pursuant to which Anglo American Services (UK) Limited has undertaken, on behalf of the Anglo American Group, to (i) keep confidential information relating to, *inter alia*, the Acquisition and Sirius and not to disclose it to third parties (other than to certain permitted parties) unless required by law or regulation; and (ii) use the confidential information only in connection with the Acquisition.

These confidentiality obligations shall remain in force until, *inter alia*, completion of the Acquisition. Anglo American Services (UK) Limited, on behalf of the Anglo American Group, also agreed to certain standstill undertakings, all of which ceased to apply upon the release of this announcement.

Co-operation Agreement

Anglo American, Bidco and Sirius have entered into a Co-operation Agreement dated 20 January 2020, pursuant to which:

- (i) Anglo American and Bidco have agreed to use their reasonable endeavours to secure the regulatory clearances and authorisations necessary to satisfy the Regulatory Conditions as promptly as is reasonably practicable;
- (ii) Anglo American, Bidco and Sirius have agreed to certain undertakings to co-operate in relation to such regulatory clearances and authorisations; and
- (iii) subject to Sirius complying with its obligations referred to in (ii) above, Anglo American and Bidco have agreed to use their reasonable endeavours to: (a) submit the definitive application form to Brazil's Council for Economic Defence and its entities ("**CADE**") as soon as reasonably practicable and, in any event, within two Business Days after this announcement; and (b) generally progress the applications for Clearances in order to allow the Clearances to be obtained as soon as reasonably practicable.

The Co-operation Agreement shall be terminated with immediate effect if: (i) Anglo American, Bidco and Sirius so agree in writing; or (ii) the Acquisition, with the permission of the Panel, lapses, terminates or is withdrawn in accordance with its terms (other than in certain limited circumstances).

Anglo American and Bidco have the right to terminate the Co-operation Agreement if: (i) the Sirius Directors announce that they shall not convene the Court Meeting or the General Meeting or that they do not intend to publish the Scheme Document; (ii) the Court Meeting or the General Meeting is not held by the 22nd day after 5 March 2020 (or such later date as may be agreed by Anglo American and Sirius); (iii) the Court Sanction Hearing is not held by the 22nd day after 8 April 2020 or, if CADE do not consider that the application form is eligible for the fast-track review procedure, the 22nd day after 27 May 2020 (or such later date as may be agreed by Anglo American and Sirius); (iv) the Sirius Directors otherwise withdraw, adversely modify or adversely qualify the recommendation referred to in this announcement; (v) a competing proposal is recommended by the Sirius Directors or effected; or (vi) any Condition not waived is incapable of satisfaction, or any Condition incapable of waiver is incapable of satisfaction (where such invocation has been permitted by the Panel). The Co-operation Agreement shall also terminate: (i) if the Scheme is not approved by the Sirius Shareholders at the Court Meeting and/or the General Meeting or the Court refuses to sanction the Scheme; or (ii) unless otherwise agreed by the parties in writing, if the Effective Date has not occurred by the Long Stop Date.

The Co-operation Agreement also records Anglo American's, Bidco's and Sirius' intentions to implement the Acquisition by way of the Scheme, subject to Anglo American and Bidco having the right, subject to the consent of the Panel, to implement the Acquisition by way of a Takeover Offer.

The Co-operation Agreement also contains provisions that shall apply in respect of the Sirius Share Plans and certain other employee incentive arrangements.

15 Structure of and Conditions to the Acquisition

It is intended that the Acquisition shall be effected by means of a Court-approved scheme of arrangement between Sirius and Sirius Shareholders under Part 26 of the Companies Act, although Anglo American and Bidco reserve the right to implement the Acquisition by way of a Takeover Offer (subject to Panel consent and the terms of the Co-operation Agreement).

The purpose of the Scheme is to provide for Bidco to become the holder of the entire issued and to be issued share capital of Sirius. This is to be achieved by the transfer of the Sirius

Shares to Bidco, in consideration for which the Sirius Shareholders who are on the register of members at the Scheme Record Time shall receive cash consideration on the basis set out in paragraph 2 of this announcement.

The Acquisition shall be subject to the Conditions and further terms set out below and in Appendix I to this announcement and to be set out in the Scheme Document and shall only become Effective, if, among other things, the following events occur on or before the Long Stop Date or such later date as may be agreed by Anglo American and Sirius (with the Panel's consent and as the Court may approve (if such approval(s) are required)):

- (i) the approval of the Scheme by a majority in number of the Sirius Shareholders who are present and vote, whether in person or by proxy, at the Court Meeting and who represent 75 per cent. in value of the Sirius Shares voted by those Sirius Shareholders;
- (ii) the resolutions required to approve and implement the Scheme being duly passed by Sirius Shareholders representing the requisite majority or majorities of votes cast at the General Meeting (or any adjournment thereof);
- (iii) the approval and sanction of the Scheme by the Court (with or without modification but subject to any modification being on terms acceptable to Sirius and Anglo American);
- (iv) the delivery of a copy of the Court Order to the Registrar of Companies; and
- (v) CADE having approved the consummation of the Acquisition unconditionally pursuant to the Brazilian competition law No 12529 of 30 November 2011 and CADE's Internal Regime (approved by CADE Regulation No. 22 of 19 June 2019), or, if approved with conditions, on such conditions as are reasonably satisfactory to Anglo American.

The Scheme shall lapse if:

- the Court Meeting and the General Meeting expected to take place no later than 5 March 2020 are not held by 27 March 2020 (or such later date as may be agreed between Anglo American and Sirius);
- the Court Sanction Hearing expected to take place no later than 8 April 2020 is not held by 30 April 2020 or, if CADE do not consider that the application form is eligible for the fast-track review procedure, the Court Sanction Hearing expected to take place no later than 27 May 2020 is not held by 18 June 2020 (or such later date as may be agreed between Anglo American and Sirius); or
- the Scheme does not become Effective by the Long Stop Date,

provided, however, that the deadlines for the timing of the Court Meeting, the General Meeting and the Court Sanction Hearing as set out above may be waived by Anglo American, and the deadline for the Scheme to become Effective may be extended by agreement between Sirius, Anglo American and Bidco.

Subject to satisfaction (or waiver, where applicable) of the Conditions, the Scheme is expected to become Effective by 31 March 2020.

Upon the Scheme becoming Effective, it shall be binding on all Sirius Shareholders, irrespective of whether or not they attended or voted at the Court Meeting or the General Meeting.

Further details of the Scheme shall be included in the Scheme Document. It is expected that the Scheme Document, containing further information about the Acquisition and notices of the Court Meeting and the General Meeting, shall be sent to Sirius Shareholders within 28 days of this announcement. The Scheme Document and Forms of Proxy will be made available to all Sirius Shareholders at no charge to them.

16 De-listing

Prior to the Scheme becoming Effective, it is intended that applications will be made to the London Stock Exchange to cancel trading in Sirius Shares on the London Stock Exchange's Main Market for listed securities and to the FCA to cancel the listing of Sirius Shares from the Official List, in each case to take effect on or shortly after the Effective Date.

The last day of dealings in Sirius Shares on the Main Market of the London Stock Exchange is expected to be the Business Day immediately prior to the Effective Date and no transfers shall be registered after 6.00p.m. on that date.

On the Effective Date, share certificates in respect of Sirius Shares shall cease to be valid and entitlements to Sirius Shares held within the CREST system shall be cancelled.

It is also proposed that, following the Effective Date and after its shares are delisted, Sirius shall be re-registered as a private limited company. A resolution to approve the re-registration will be proposed at the General Meeting.

17 Dividends

Sirius has not declared any dividends for the financial year 2018 and half-year period ended 30 June 2019.

If, on or after the date of this announcement and on or prior to the Effective Date, any dividend, distribution or other return of value is declared, made or paid by Sirius, the Offer Price shall be reduced correspondingly. In such circumstances, Sirius Shareholders would be entitled to retain any such dividend, distribution or other return of value declared, made or paid.

18 Sirius ADRs

The Scheme shall not be extended to holders of Sirius ADRs. Therefore, if the Scheme becomes Effective, Deutsche Bank Trust Company Americas (the "**Sirius Depositary**"), shall call for surrender of the Sirius ADRs and, upon those surrenders, shall deliver the consideration under the Acquisition, net of applicable fees, expenses, taxes and governmental charges, to the holders of the Sirius ADRs entitled to them in accordance with the terms of the Deposit Agreement. Thereafter, the Sirius ADR program shall be terminated.

Holders of Sirius ADRs shall not be entitled to vote directly on the Scheme and the Acquisition. However, holders of Sirius ADRs have the right to instruct the Sirius Depositary how to vote the Sirius Shares in respect of the Sirius Shares underlying the Sirius ADRs, subject to and in accordance with the terms of the Deposit Agreement.

Holders of Sirius ADRs that wish to vote directly on the Scheme and the Acquisition must surrender their Sirius ADRs to the Sirius Depositary, pay the Sirius Depositary's fees and charges in accordance with the Deposit Agreement and become holders of Sirius Shares prior to the Scheme Voting Record Time, in each case subject to and in accordance with the terms of the Deposit Agreement. Holders of Sirius ADRs that wish to vote directly on the Scheme should take care to surrender their Sirius ADRs in time to permit processing to be completed

by the Sirius Depositary and its English custodian prior to the Scheme Voting Record Time. Any person that holds Sirius ADRs through a broker or other securities intermediary should contact the intermediary to determine the date by which such intermediary must be instructed to act in order that the necessary processing can be completed in time.

19 Disclosure of interests in Sirius

Save in respect of the irrevocable undertakings referred to in paragraph 4 above and as disclosed below, as at the close of business on 16 January 2020 (being the last practicable date prior to the date of this announcement) neither Anglo American, nor any of its directors, nor, so far as Anglo American is aware, any person acting in concert (within the meaning of the Takeover Code) with it has either (i) any interest in or right to subscribe for any relevant securities of Sirius; (ii) any short position in respect of relevant Sirius Shares (whether conditional or absolute and whether in the money or otherwise), including any short position under a derivative, any agreement to sell or any delivery obligation or right to require another person to purchase or take delivery; (iii) any dealing arrangement of the kind referred to in Note 11 on the definition of acting in concert in the Takeover Code, in relation to Sirius Shares or in relation to any securities convertible or exchangeable into Sirius Shares; or (iv) borrowed or lent any relevant Sirius Shares (including, for these purposes, any financial collateral arrangements of the kind referred to in Note 4 on Rule 4.6 of the Takeover Code), save for any borrowed shares which had been either on-lent or sold:

Name	Nature of Interest	Number of Sirius Shares
Ian Ashby	Holder of ordinary shares	1,166,665

“Interests in securities” for these purposes arise, in summary, when a person has long economic exposure, whether absolute or conditional, to changes in the price of securities (and a person who only has a short position in securities is not treated as interested in those securities). In particular, a person shall be treated as having an ‘interest’ by virtue of the ownership, voting rights or control of securities, or by virtue of any agreement to purchase, option in respect of, or derivative referenced to, securities.

20 General

Anglo American and Bidco reserve the right to elect (with the consent of the Panel and subject to the terms of the Co-operation Agreement) to implement the Acquisition by way of a Takeover Offer for the Sirius Shares not already directly or indirectly owned by the Anglo American Parties as an alternative to the Scheme. In such event, the Takeover Offer shall be implemented on the same terms, so far as applicable, as those which would apply to the Scheme, subject to appropriate amendments, including (without limitation) an acceptance condition set at a level permitted by the Panel.

The Acquisition shall be made subject to the Conditions and further terms set out in Appendix I to this announcement and to be set out in the Scheme Document. The bases and sources of certain financial information contained in this announcement are set out in Appendix II to this announcement. A summary of the irrevocable undertakings given in relation to the Acquisition is contained in Appendix III to this announcement. Certain terms used in this announcement are defined in Appendix IV to this announcement.

It is expected that the Scheme Document, containing further information about the Acquisition and notices of the Court Meeting and the General Meeting shall be sent to Sirius Shareholders within 28 days of this announcement and it is expected that the Scheme will become Effective by 31 March 2020.

Centerview Partners, BofA Securities, J.P. Morgan Cazenove and Lazard have each given and not withdrawn their consent to the publication of this announcement with the inclusion herein of the references to their names in the form and context in which they appear.

Additional information for US investors

The Acquisition relates to shares of a UK company and is proposed to be effected by means of a scheme of arrangement under the laws of England and Wales. A transaction effected by means of a scheme of arrangement is not subject to the tender offer rules or the proxy solicitation rules under the US Exchange Act.

Accordingly, the Acquisition is subject to the disclosure and procedural requirements applicable in the United Kingdom to schemes of arrangement which differ from the disclosure requirements of United States tender offer and proxy solicitation rules.

Neither the US Securities and Exchange Commission nor any US state securities commission has approved or disapproved or passed judgment upon the fairness or the merits of the Acquisition or determined if this announcement is adequate, accurate or complete. Any representation to the contrary is a criminal offence in the US.

However, if Anglo American were to elect to implement the Acquisition by means of a takeover offer, such takeover offer shall be made in compliance with all applicable United States laws and regulations, including any applicable exemptions under the US Exchange Act. Such a takeover would be made in the United States by Anglo American and no one else.

In the event that the Acquisition is implemented by way of a Takeover Offer, in accordance with normal United Kingdom practice and pursuant to Rule 14e-5(b) of the US Exchange Act, Anglo American or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Sirius outside of the US, other than pursuant to such Takeover Offer, during the period in which such Takeover Offer would remain open for acceptance. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

The receipt of consideration by a US holder for the transfer of its Sirius Shares pursuant to the Scheme shall be a taxable transaction for United States federal income tax purposes. Each Sirius Shareholder is urged to consult their independent professional adviser immediately regarding the tax consequences of the Acquisition applicable to them, including under applicable United States state and local, as well as overseas and other, tax laws.

Financial information relating to Sirius included in this announcement and the Scheme Document has been or shall have been prepared in accordance with accounting standards applicable in the United Kingdom and may not be comparable to financial information of US companies or companies whose financial statements are prepared in accordance with generally accepted accounting principles in the United States.

Anglo American, Bidco and Sirius are each organised under the laws of England and Wales. Some or all of the officers and directors of Anglo American, Bidco and Sirius, respectively, are residents of countries other than the United States. As a result, it may be difficult for US Sirius Shareholders to effect service of process within the United States upon Anglo American, Bidco or Sirius or their respective officers or directors or to enforce against them a judgment of a US court predicated upon the federal or state securities laws of the United Kingdom.

Forward looking statements

This announcement (including information incorporated by reference in this announcement), oral statements made regarding the Acquisition, and other information published by Sirius, Anglo American or any member of the Anglo American Group contain statements which are, or may be deemed to be, "forward-looking statements". Such forward-looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and on numerous assumptions regarding the business strategies and the environment in which Anglo American, any member of the Anglo American Group or the Enlarged Group shall operate in the future and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by those statements.

The forward-looking statements contained in this announcement relate to Anglo American, any member of the Anglo American Group or the Enlarged Group's future prospects, developments and business strategies, the expected timing and scope of the Acquisition and other statements other than historical facts. In some cases, these forward-looking statements can be identified by the use of forward looking terminology, including the terms "believes", "estimates", "will look to", "would look to", "plans", "prepares", "anticipates", "expects", "is expected to", "is subject to", "budget", "scheduled", "forecasts", "synergy", "strategy", "goal", "cost-saving", "projects", "intends", "may", "will", "shall" or "should" or their negatives or other variations or comparable terminology. Forward-looking statements may include statements relating to the following: (i) future capital expenditures, expenses, revenues, earnings, synergies, economic performance, indebtedness, financial condition, dividend policy, losses and future prospects; (ii) business and management

strategies and the expansion and growth of Anglo American's, any member of the Anglo American Group's or Sirius' operations and potential synergies resulting from the Acquisition; and (iii) the effects of global economic conditions and governmental regulation on Anglo American's, any member of the Anglo American Group's or Sirius' business.

By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that shall occur in the future. These events and circumstances include changes in the global, political, economic, business, competitive, market and regulatory forces, future exchange and interest rates, changes in tax rates and future business combinations or disposals. If any one or more of these risks or uncertainties materialises or if any one or more of the assumptions proves incorrect, actual results may differ materially from those expected, estimated or projected. Such forward-looking statements should therefore be construed in the light of such factors.

Neither Sirius nor any of Anglo American nor any member of the Anglo American Group, nor any of their respective associates or directors, officers or advisers, provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this announcement shall actually occur. Given these risks and uncertainties, potential investors should not place any reliance on forward-looking statements.

The forward-looking statements speak only at the date of this announcement. All subsequent oral or written forward-looking statements attributable to any member of the Anglo American Group or Sirius Group, or any of their respective associates, directors, officers, employees or advisers, are expressly qualified in their entirety by the cautionary statement above.

Sirius and Anglo American expressly disclaim any obligation to update such statements other than as required by law or by the rules of any competent regulatory authority, whether as a result of new information, future events or otherwise.

No profit forecasts or estimates

No statement in this announcement is intended as a profit forecast or estimate for any period and no statement in this announcement should be interpreted to mean that earnings or earnings per share for Anglo American or Sirius, as appropriate, for the current or future financial years would necessarily match or exceed the historical published earnings or earnings per share for Anglo American or Sirius, as appropriate.

Disclosure requirements of the Takeover Code

Under Rule 8.3(a) of the Takeover Code, any person who is interested in 1 per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 pm (London time) on the 10th business day following the commencement of the offer period and, if appropriate, by no later than 3.30 pm (London time) on the 10th business day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Takeover Code, any person who is, or becomes, interested in 1 per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror, save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they shall be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Panel's website at <http://www.thetakeoverpanel.org.uk/>, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. If you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure, you should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129.

Electronic communications

Please be aware that addresses, electronic addresses and certain information provided by Sirius Shareholders, persons with information rights and other relevant persons for the receipt of communications from Sirius may be provided to Anglo American during the Offer Period as requested under Section 4 of Appendix 4 of the Takeover Code to comply with Rule 2.11(c) of the Takeover Code.

Part B: Certain further terms of the Acquisition

- 1** Subject to the requirements of the Panel, Anglo American reserves the right to waive:
 - (a) the deadline set out in Condition 1, subject to the agreement of Anglo American and Sirius, and any of the deadlines set out in Condition 2 for the timing of the Court Meeting, General Meeting and the Court Sanction Hearing. If any such deadline is not met, Anglo American shall make an announcement by 8.00 a.m. on the Business Day following such deadline confirming whether it has invoked or waived the relevant Condition or agreed with Sirius to extend the deadline in relation to the relevant Condition; and
 - (b) in whole or in part, all or any of the above Conditions 3(a) to (g) (inclusive).
- 2** If Anglo American is required by the Panel to make an offer for Sirius Shares under the provisions of Rule 9 of the Takeover Code, Anglo American may make such alterations to any of the above Conditions and terms of the Acquisition as are necessary to comply with the provisions of that Rule.
- 3** The Scheme and the Acquisition shall not become Effective if:
 - (a) in so far as the Acquisition or any matter arising from or relating to the Scheme or Acquisition constitutes a concentration with a Community dimension within the scope of the Regulation, the European Commission either initiates proceedings under Article 6(1)(c) of the Regulation or makes a referral to a competent authority in the United Kingdom under Article 9(1) of the Regulation and there is then a CMA Phase 2 Reference; or
 - (b) the Acquisition or any matter arising from or relating to the Scheme or Acquisition becomes subject to a CMA Phase 2 Reference,in each case, before the date of the Court Meeting.
- 4** Other than as required under the terms of the Co-operation Agreement, Anglo American shall be under no obligation to waive (if capable of waiver), to determine to be or remain satisfied or to treat as fulfilled any of Conditions 3(a) to (g) (inclusive) by a date earlier than the latest date for the fulfilment of that Condition notwithstanding that the other Conditions of the Acquisition may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any of such Conditions may not be capable of fulfilment.
- 5** The Sirius Shares acquired under the Acquisition shall be acquired fully paid and free from all liens, equities, charges, encumbrances, options, rights of pre-emption and any other third party rights and interests of any nature and together with all rights now or hereafter attaching or accruing to them, including, without limitation, voting rights and (subject to paragraph 6 below) the right to receive and retain in full all dividends and other distributions (if any) declared, made or paid, or any other return of value (whether by reduction of share capital or share premium account or otherwise) made, on or after the date of this announcement.
- 6** If, on or after the date of this announcement and prior to or on the Effective Date, any dividend, distribution or other return of value is declared, paid or made or becomes payable by Sirius

and with a record date on or prior to the Effective Date, Anglo American reserves the right (without prejudice to any right of Anglo American, with the consent of the Panel, to invoke Condition 3(e)(ii) of this Appendix I) to reduce the consideration payable under the Acquisition to reflect the aggregate amount of such dividend, distribution or other return of value. In such circumstances, Sirius Shareholders would be entitled to retain any such dividend, distribution or other return of value declared, made or paid.

If and to the extent that any such dividend, distribution or other return of value is paid or made on or prior to the Effective Date, and Anglo American exercises its rights under this paragraph 6 to reduce the consideration payable under the Acquisition, any reference in this announcement to the consideration payable under the terms of the Acquisition shall be deemed to be a reference to the consideration as so reduced.

If and to the extent that any such dividend, distribution or other return of value has been declared or announced but not paid or made or is not payable by reference to a record date on or prior to the Effective Date or shall be (i) transferred pursuant to the Acquisition on a basis which entitles Anglo American to receive the dividend, distribution or other return of value and to retain it; or (ii) cancelled, the consideration payable under the terms of the Acquisition shall not be subject to change in accordance with this paragraph 6.

Any exercise by Anglo American of its rights referred to in this paragraph 6 shall be the subject of an announcement and, for the avoidance of doubt, shall not be regarded as constituting any revision or variation of the Acquisition.

- 7** Anglo American and Bidco reserve the right to elect (with the consent of the Panel and subject to the Co-operation Agreement) to implement the Acquisition by way of a Takeover Offer for the Sirius Shares as an alternative to the Scheme. In such event, the Takeover Offer shall be implemented on the same terms, so far as applicable, as those which would apply to the Scheme, subject to appropriate amendments, including (without limitation) an acceptance condition set at a level permitted by the Panel and the Co-operation Agreement.
- 8** The availability of the Acquisition to persons not resident in the United Kingdom may be affected by the laws of the relevant jurisdictions. Persons who are not resident in the United Kingdom should inform themselves about and observe any applicable requirements.
- 9** The Acquisition is not being made, directly or indirectly, in, into or from, or by use of the mails of, or by any means of instrumentality (including, but not limited to, facsimile, e-mail or other electronic transmission, telex or telephone) of interstate or foreign commerce of, or of any facility of a national, state or other securities exchange of, any jurisdiction where to do so would violate the laws of that jurisdiction.
- 10** The Acquisition is governed by the law of England and Wales and is subject to the jurisdiction of the English courts and to the Conditions and further terms set out in this Appendix I and to be set out in the Scheme Document. The Acquisition shall be subject to the applicable requirements of the Takeover Code, the Panel, the London Stock Exchange and the Financial Conduct Authority.
- 11** Under Rule 13.5(a) of the Takeover Code, Anglo American may not invoke a Condition to the Acquisition so as to cause the Acquisition not to proceed, to lapse or to be withdrawn unless the circumstances which give rise to the right to invoke the Condition are of material significance to Anglo American in the context of the Acquisition. Condition 2 of Part A of

Appendix I and, if applicable, any acceptance condition if the Acquisition is implemented by means of a Takeover Offer, are not subject to this provision of the Takeover Code.

- 12** Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.
